Description of products or service. Include photo of your products.

- Participants will keep all proceeds from the sale of their items and services.
- IKA provides one 8-foot table with red & white skirting, two chairs, backdrop and a spot within our location on the busy fairgrounds.
- You will need to provide your own decorations and merchandising items. (Because of health regulations, homemade foods and beverages cannot be sold!)
- Instruction by staff will be provided.
- Success will depend on the choice of product or service and its presentation.
- A parent or guardian is required to be involved with this process, helping their children to understand and become successful.

Your Small Business Kit Should Include:

- Snacks and a Lunch • Table Cloth • Racks, stands, boxes etc. to display your merchandise • Signs
- Scissors • Stapler • Tape • Pens • Pencil • Receipt Book • Business Cards • Money Box with change
- The Square (optional—a free app for your phone or ipad that allows you to take credit cards)

This will be one of the most fascinating and educational opportunities you will experience!
